FE RE: "43-3" - (CHECK "X" ONE) Acquisition of Personnet Civil Herrice Status SUBJECT MARKED FOR INDEXING NO INDEXING REQUIRED INDEXING CAN BE JUDGED for your information ACTION REQUIRED Autol 17 Detone: 1950; Subject; Acquirement of Personent Civil 25X1A6C 1. The Office of Personnel has mivised the FE Division that there is at this time so means by which a EMBEX employee may acquire competitive (correst) civil certice status during his INSARK employment unless he acquired eligibility for such status through prior deveragent service. 2. Until the issuance of Empettive Order 19577, dated 22 November 1954, which contained a general revision of the Civil Service Rules, there was a provides permitting the protestional appointment which is an excepted position of an employee who was within reach for appointment on an appropriate civil service register. Under this provision, HUBANN employees who qualified in appropriate civil service exestantians and term remains for appointments were converted to probational status or, if the requirements of the probationary period had been met, to competitive scatus. The same provision was not included in the revised divil Service Bales. A semester similar provision was included but it calls for such sparegrafion in econsetion with a specific ples for interchange of employees between the agency involved and the curves eivil service. The potentialities of negotiating such as agreement has been he agony involved and the career explored but there are neveral required features which would be disadvantageous to EMEL. 3. From time to time, especially since the termination of the War Service 25X1 Indefinite appointment authorities, there have been verious provisions for the acquisition of competitive states by individuals the qualified competitively for such status. The most recent such instance was to provide for the emmany tadefinite appointments to competitive positions from a civil service ter established for protetional appointments. Sendquarters balieves that all MODEL employees who were eligible for conversion under this procedure have been Sentified and equivorted. b. If you have any amployees who believe they might be eligible for conversion based on prior service in the competitive cervice, Beniquarters will be gied to review their files in this competion. 5. Busiquesters strongly advises against any station employee submitting an application for competitive construction to the local Civil Service Regional Office. In completing the Standard Form 37 the compleyes would either have to shelt to current MMIEX employment which would immediately congruntee existing est which would in effect be falsification cover, or admit to nurrent cover employe & decrements and could repult in very serious implications. If any station suplayee feets very strongly about this point, it is suggested that all the partisess feets be submitted to Sendquarters for adjudion 25X1A2G on an individual basis. 25X1 REV DATE 23-6-81 BY DOG 2 TYPE 6/ \_\_ ori \_\_ ORIG COMP ....
